Re: Follow up - attached letter: Real Bourque (27 yr. old)

Date: July 29, 1993

July 27. Call to George Capen, OMI Provincial  
Hudson, N. H. - relayed sense of B. Hart's  
concerns and those of Archdiocese.

Fr. Bourque is currently in Alabama, working  
for Mother Angelica - very visible - does  
formation work for her communities

Provincial recalled that Fr. B went to

Henry Ovellette in December, 1979 and went on  
a sabbatical to Washington D.C. where

Fr. Norman Toussignant made some reference  
for counseling. Fr. Capen recently spoke

to a brother of one of the victims; this man  
is an OMI, who brought up the past incidents

Fr. Capen will read his file materials, will call back  
and will come for a meeting, if necessary - "wants  
very much to cooperate..."

July 29 Call #2 - "Giving this a lot of thought"  
Read file - containing letter to B. Hart (1979)

- no diagnosis, no report back

- does contain reference to incidents in  
Maine - an assignment before Natick

CEM - suggested - Back track with Fr. Parent, seek

Fr. B's permission to try and get D.C. counseling reports.
